## Visitation Screening Tool

Pursuant to Governor Desantis' Executive Order 20-51 and the direction of State Surgeon General Rivkees regarding 2019 Coronavirus (COVID-19), the Agency for Health Care Administration has directed all residential healthcare facilities in the state of Florida to ensure that precautions are in place to limit the potential introduction of the virus from the community into the healthcare setting. The following checklist has been developed in accordance with Centers for Disease Control and Prevention (CDC) guidelines. Please use this tool as a self-screen prior to each occurrence of visiting our facility.

Have you experienced a temperature greater than 100.4°F in the past 14 days?

Yes    No

Have you experienced a cough in the past 14 days?

Yes    No

Have you experienced any shortness of breath or difficulty breathing in the past 14 days?

Yes    No

Have you been in contact with a person diagnosed with or suspected of having COVID-19 within the past 14 days?

Yes    No

Have you traveled to an area impacted by COVID-19 within the past 14 days? Please note that areas of impact will change over time. They currently include, but are not limited to, China, Italy, South Korea, Iran, France, Germany, Spain, New York, Washington, California, and specific cruises.

Yes    No

**\*\*\*\*\*If you have answered "yes" to any of these questions, we appreciate you refraining from visiting our facility until such a time that all of your answers convert to "no," meaning that you have not experienced any of these risks within the past 14 days. The health and safety of our patients remains our utmost priority and we appreciate your assistance with protecting your loved one. Please continue to communicate via phone and know that the assigned therapist may make alternative arrangements for family therapy.**
